## WinterKids Play Along Track

This year, Smith School teachers have joined the WinterKids Play Along Track. Each classroom will choose activities to take part in. Week one began this week, focused on outdoor physical activity. We are looking forward to a great 4 weeks of fun and learning!

## From the School Nurse

This is the time of year when we tend to see more illness in our school community. If your child has a fever over 100 degrees Fahrenheit, is vomiting or has diarrhea, or has low energy and is not eating, your child should stay home from school. Your child should be fever free for 24 hours without medication before returning to school. If you are in doubt, call the school and speak with the school nurse. If your child sees a doctor for illness, please let the school nurse know. If your child tests positive for COVID-19, they are required to be out of school for 5 days and be masked for 5 days after that. Contact the school nurse to determine when your child may return to school and how long they will need to wear a mask.

Below is a link for free COVID-19 test kits. The kits take several weeks to arrive so it is wise to plan ahead.

Don't hesitate to contact me if you have any questions or concerns about your child.

## 2nd Grade News:

Second grade students recently completed a map unit. Students learned how to read a compass rose, created topographical maps and explored maps of their home, school and the world around them. They also designed a map key for their own private island.

In addition to the monthly Snap-Ed lessons that the 2nd graders receive once a month, they expanded their learning through the Great Body Shop Health Program. Students studied the food groups, how to create a balanced meal, how to make healthy food choices, and the impact of healthy eating. 2nd graders enjoy staying active in and out of school.

## Kindergarten

Kindergarten has been busy! We began working on subtraction in math. We are learning about taking away and also about breaking whole groups into two smaller groups. In phonics and reading, we are continuing to work on decoding three letter words (such as cat, fin, and log), rhyming, and breaking words into syllables. In K for ME we are learning about owls and their habitats, and we'll begin learning about wolves next.
